## THE ART NEWSPAPER

**Robert Gober: Sculpture, Drawings, Studies**  
**Matthew Marks**  
22 JANUARY-6 APRIL

- Robert Gober's continued interest in the uncanny is the focus of this selection of recent, smaller-scale works from an artist perhaps best known for his all-encompassing installations (left). Gober's art has long been well regarded in the city, where he held an influential exhibition at the Museum of Contemporary Art, Los Angeles, in 1997.
